

*Check pad* MED The electronic health record on the iPad.

For physicians who prefer to access patient record data  
anywhere and anytime - fast, secure and with a single touch.

**Lohmann & Birkner**

Health Care Consulting GmbH  
Mobile Services GmbH  
Health Care Services LLC

Forget paper tossing!

## No matter how you look at it - *Checkpad* MED has them all:

Patient Records  
Medical Reports  
Lab Results  
Radiographs  
OR-Reports  
Nursing Records  
Temperature Curves, etc.

Access relevant patient data on the go while being on your ward round. Easy and direct with a single touch on the Checkpad MED touch screen.

Stay in touch with your colleagues and update each other wirelessly via central document storage.

Text, audio and movie files  
in captivating quality

Save time and resources in your daily rounds and gain secured information for your patient's therapy and treatment. Checkpad MED is the fastest way to be up to date regarding your patients data.
